

JONATHAN SAINSBURY

Specimen Marble Torchere

A carved gilt-wood 'torchere' in the Regency style. The exotic, circular marble top of concentric circles is inlaid with double bands of geometric shapes and seashells. The palm leaf decorated apron, punctuated by carved lion masks, is raised on square panelled and tapered legs with lion paw feet and a triangular moulded plinth.

Height: 862mm / 34"
Width: 616mm / 24.25"

Code: M058
