

JONATHAN SAINSBURY

Sainsbury Library Armchair

A very fine Georgian mahogany library armchair of unusually generous proportions. Exceptional features of these chairs include the tapering Greek key decoration to the swags of the arms and the square form legs and the wonderful pierced uniting under stretchers. The upholstery appears formal in appearance but the armchair has a finely sprung seat and back and is feather and cotton filled.

Height: 955mm / 37.50"
Width: 900mm / 35.50"
Depth: 910mm / 35.75"
