

Regency Leopard Mask Convex Mirror

This convex looking glass displays a wealth of Regency decoration. The carved gilt-wood, compound moulded outer frame has a reeded ebonised inner slip frame and a cresting centred by an ebonised leopard mask, within a ribbon wrapped circular frame. The spiral supports to each side are decorated with anthemion tips, carved fans, leaf clasps, husks and grapes. The carved apron is centred by a double winged solar disk representing the Egyptian God, Horus.
